

## Advanced Porous Materials PhD award.

The Association of Advanced Porous Materials (Advapor) is to offer a € 3000 award to the “best” PhD completed in the field of Advanced Porous Materials. Defense must occur before June 2019.

The decision will be made by the steering team of the Advapor association and “best” will be judged on both technical merit and potential impact within our growing industry.

The award is designed to support the winning candidate in the presentation & publication of their work.

The award will be announced at the 2018 Aerogel Seminar in Hamburg.

Any candidate wishing to apply for this award must submit a concise summary of their work to [info@advapor.org](mailto:info@advapor.org) by the 31<sup>st</sup> July 2018.

Summary should include

*Thesis Title*

*Research establishment name & supervisor/s*

*Detailed Abstract (2 pages maximum) in English*

*Duration of the work*

*List of associated publications*

*Supervisor letter of support*

*Contact details of applicant*

**The Aerogel Seminar is at the Technical University Hamburg 24-26 /9 /2018.**
